Health District to Temporarily Close

(Tiffin, Aug. 4, 2023) - Seneca County General Health District will be closed beginning Monday, Aug. 7 to move to a temporary building.

An opening date at the temporary site, 40 Fair Lane, Tiffin, has not yet been set.

The closure was prompted after mold was discovered in ductwork during construction at the health district's East Perry Street location.

According to laboratory results released Wednesday, the types of molds discovered in the air ducts included Penicillium, Aspergillus and Cladosporium. These naturally-occurring molds are the most common species of fungi found indoors and are not the toxic black mold species.

Remediation of the ductwork throughout the county-owned building is estimated to take approximately four to eight weeks.

The Seneca County Board of Elections and Seneca County Prosecutor's Office will not be impacted by the closure because they are serviced by a different HVAC system.

To reach Seneca County General Health District during the closure, please call (419) 447-3691 or send a message via Facebook: <https://www.facebook.com/SCGHD>
