SCGHD OPENS TEMPORARY LOCATION

Welcome to our new, temporary location at 40 Fair Lane in Tiffin!

Following a brief closure, public health services have resumed at Seneca County General Health District's new, temporary location. The Fair Lane building is anticipated to house the health district for approximately four to eight weeks while the East Perry Street building undergoes remediation due to mold found in the ductwork. The molds discovered were determined to be naturally-occurring molds, and not the toxic black mold species.

SCGHD will remain at the Fair Lane location for approximately four to eight weeks.

Bailey Elchert was the first client to receive nursing services at our new location.

QUALITY OF LIFE SURVEY

Provide your valuable input by completing our Annual Community Quality of Life survey!
The survey takes about 5 minutes to complete and helps SCGHD in its Community Health Improvement Plan (CHIP) process. The survey results will be presented at our 3rd CHIP meeting on Wednesday, October 4th.

Click here to complete the survey.

THANK YOU!

EMPLOYEE OF THE MONTH

Keesha Hiser has been selected by a co-worker as September's Employee of the Month.
Keesha was nominated because she is friendly, compassionate, and informative with clients and the public. She demonstrates SCGHD's core values and represents the health district in a positive way through her hard work, teamwork, and dependability.

Congratulations

KEESHA!

NATIONAL RECOVERY MONTH

National Recovery Month is a national observance held every September to promote and support new evidence-based treatment and recovery practices, the nation's strong and proud recovery community, and the dedication of service providers and communities who make recovery in all forms possible.

THIS MONTH, WE CELEBRATE THE GAINS MADE BY THOSE IN RECOVERY FROM SUBSTANCE USE DISORDER!

For more information about preventing substance abuse and for overdose prevention resources such as NARCAN and Fentanyl test strips, contact SCGHD:

(419) 447-3691 ext. 6330

FALLS PREVENTION AWARENESS

Falls Prevention Awareness Week, an initiative to unite communities to tackle the challenge of preventing falls, will begin September 18. The week is a time for health care providers, caregivers, and communities around the country to learn about fall risk factors and create strategies to help people of all ages stay on their feet.

Six steps to prevent falls include:

- ☑ **Talk to your family**
- ☑ **Talk to your doctor**
- ☑ **Review medication**
- ☑ **Care for your vision & hearing**
- ☑ **Make your home safe**
- ☑ **Find a good exercise program**

Click here to complete a digital assessment to determine your falls risk score and how to reduce your risk.
